Please find below an email from the BBC for your attention;

Hi there,

I hope you're well? I am writing from the hit **BBC One** prime time series *'Eat Well For Less?'* because we are currently in production with a brand new series of the show. My reason for writing is that applications are now open and we are currently on the lookout for fun and lively families who would love to save some money on their weekly shop and eat more healthily.

I've popped some information about the series below for you.

*The show follows Masterchef's Gregg Wallace & award winning greengrocer Chris Bavin on a mission to prove that it is possible for families to **save money** on their food budget **without scrimping on taste and nutrition**. They hope that by analysing the shopping habits of UK families, they can help to show where we can source the best and cheapest quality food.*

Eating healthily and to a budget is something we feel affects most of us. If you think you know any families/households that may be interested in appearing on the programme, please do pass on our details.

Do let me know if you need any further information.

Thanks so much and I look forward to hearing from you.

Kind regards,

The Eat Well For Less Team
